EXPERIENCE

WILLIAM MASTON ARCHITECT & ASSOCIATES

2014-current
Mountain View, CA

Project Manager + Designer. High-end residential, mixed-use, and multi-family developments from schematic design through construction. Direct leadership of design & technical staff, consultants, and engineers. Entrusted with fostering and retaining client relationships. Reformed office standards and practice protocols to promote a progressive, organized, profitable and collaborative firm environment, including development of new industry-competitive proposals/estimates, detailed master project schedules, digital file restructuring, BIM standards, and responsibility for hiring and retaining staff.

PTS, INC.

2009-2014
Pismo Beach, CA

Practice Manager. Increased profit, size, and productivity by over 200% through business efficiency analysis and creative protocol implementation. Provided marketing (logo, website, branding, office design and relocation), medical billing, insurance contracting, front office, patient relations, high level of discretion/privacy enforcement, hiring, training, and executive assistance to CEO and CFO.

ARABELLA

2003-2009
Bellingham, WA

Business Management Consultant. Physical and web store design, business plan development, product selection, marketing.
